

# Nirvana, I Just Want To Sleep

So many hours gone  
You know, you won  
I could say that I'm afraid  
But tonight I will try to forget

I cannot sleep  
I can't even try  
I know that I will lose this daily fight  
What is wrong with me?  
What is wrong with me?  
I just want to sleep!

Don't you hate me if I need you  
'Cause I don't know what to do  
I'm confused about use it  
Well, I lost for you two

I cannot sleep  
I can't even try  
I know that I will lose this daily fight  
What is wrong with me?  
What is wrong with me?  
I just want to sleep!

So many hours gone  
You know, you won  
I could say that I'm afraid  
But tonight I will try to forget that

I cannot sleep  
I can't even try  
I know that I will lose this daily fight  
What is wrong with me?  
What is wrong with me?  
I just want to sleep
