

Nirvana, Me and My IV

Protection everything
Today, I know I'm right
I wake up every night
Miss the sunshine, day and night
You think you know it, I don't know
What is happening to you
Protection every year
Protection I'll die for you!

What is wrong with me?
What is wrong with me?
What is wrong with me?
What is wrong with me?
I'm too blind to see
What is wrong with me?
What is wrong with me?
What is wrong with me?

Protection everyday
Don't mind me. I'm going away
It's the same crime every night
It's the same shit, day and night
I got this feeling. I'm always alone
God I'm sick of home
It's the same shit every year
It's the same shit every year!

What is wrong with me?
What is wrong with me?
What is wrong with me?
What is wrong with me?
I'm too blind to see
What is wrong with me?
What is wrong with me?
What is wrong with me?

What is wrong with me?
What is wrong with me?
What is wrong with me?
What is wrong with me?
I'm too blind to see
What is wrong with me?
What is wrong with me?
What is wrong with me?
