

NLE Choppa, Jiggin

Then I must be the most dangerous man on Earth
Kannon with the hits, homie
Fuck you talkin' 'bout?
Couple million for a check, might have a party on a jet
Don't put Brazilians up on deck, they keep on begging me for sex
Her pussy pink, it's in the flesh, get away 'fore I get arrested

Couple million for a check, might have a party on a jet
Don't put Brazilians up on deck, they keep on begging me for sex
Her pussy pink, it's in the flesh, get away 'fore I get arrested
Duffel at the Hilton but snuggled at the Weston
Get up, did my dance, I heard shawty single, bestie
I stepped up, then I dressed up and she undressed me
Shut up 'bout yo' mans, romance meant to be messy
Messed up, but she kept up, that shit impressed me

I call the shots, don't need no telephone or no microphone
You call it quits, tell me who better Jones
You or all my clones?
Can you admit I'm fly just like a drone?
In every time zone, I'm on yo' mind
I left yo' mind blown, now yo' mind gone
I'm 'bout to pull up, just give me a minute
It took me a hour before I had spent it
I'm all in the mentions of all the critics
They want me get jiggy, so I'm finna kill it
I'm rockin' like milly, I'm hotter than chili
I got me a milli like I was from Philly
Ayy, watch me get busy, I'm finna get dizzy

Hit it, flip it, whip it, dish it
Kill it, hit it, everybody jiggin'
Hit it, flip it, whip it, dish it (Ayy)
Kill it, hit it, everybody jiggin'

Smoke, question mark, you don't want none (You don't want none)
Brodie knocked him out the park, home run (Home run)
Askin' me for my fire, go get your own gun (Go get your own gun)
And I don't even tote none and I still won (And I still won)
I don't want no dealings, I don't want no business
With none of you women and none of you guys
I'm one of the realest, I'm really real
I'm real, can't even come disguise me
Don't surprise me, don't like surprises
Give me my prize when you recognize me
Love all my brothers like I was a Isley
Trustin' my mother, she always beside me
Never behind me, hope she live past ninety
Hope I can make it to nineteen without a crime scene
Feel like I'm Einstein
Lightbulb on my head 'cause that was a hell of a rhyme scheme
My eyes gleam with bright beams
And the light screams and night dreams
And fuck Jeffrey Epstein (Fuck him)
Cha, cha, cha, cha, cha, chop 'em up
Got my da, da, da, da, got my dollars up
It go like fa, fa, fa, fa, go get the doctor, bruh
La, la, la, la, la, la, outta luck

Hit it, flip it, whip it, dish it
Kill it, hit it, everybody jiggin'
Hit it, flip it, whip it, dish it
Kill it, hit it, everybody jiggin'

Couple million for a check, might have a party on a jet
Don't put Brazilians up on deck, they keep on begging me for sex
Her pussy pink, it's in the flesh, get away 'fore I get arrested
Duffel at the Hilton but snuggled at the Weston
Get up, did my dance, I heard shawty single, bestie (Ayy)
I stepped up, then I dressed up and she undressed me
Shut up 'bout yo' mans, romance meant to be messy

Kill it, hit it, everybody jiggin' (We gon' hit that shit, we gon' flip that shit)
