

NLE Choppa, Talk Different

Ridin' 'round the city with a bad-ass b**ch
Always locked in, I got cash to get, hm, ayy
I can show you how to rags to riches, n**ga, yeah
I ain't never leave, but I'm back again, mm-mm-mm

Stars, livin' large, goin' hard, hmm
Stars, livin' large, goin' far

N**gas talk different when the money come
N**gas talk different when the money come
N**gas walk different when the money come
N**gas walk different when the money come

Stars, livin' large, goin' hard, hmm
Stars, livin' large, goin' far, hmm

Ayy, let me talk my s**t 'cause I talk different
Got hit with the stick, now he walk different
Always on point, gotta walk with it
Pray to God every day that He walk with me
Walk a n**ga a*s down, make him jump fences
In an instant, I know they'll come kill me
So I slide first, no point intended
Windows tinted in the Infiniti

Go and get him, see him, kill him, get everybody with him
Hundred in him, make him feel 'em, can't spare no n**ga

'Nana peel him, deal with him, nina scratched, no serial
Seen your best hitter killed him, f**k a chest, hit his temple

I'ma go get money 'til the print stop
Put a bag on his head, call that a big shot
Take a real close look at my wristwatch
Diamonds hit like Will Smith did Chris Rock
Everywhere I go, gotta keep a G-lock
Make him dance like Coi Leray on TikTok
Tell him get at me, I bet he get got
N**ga better go and get, heat him up, Chris Bosch

Stars, livin' large, goin' hard, hmm
Stars, livin' large, goin' far

N**gas talk different when the money come
N**gas talk different when the money come
N**gas walk different when the money come
N**gas walk different when the money come..□

Stars, livin' large, goin' hard, hmm
Stars, livin' large, goin' far
