

# NLE Choppa, Trap Phone

Ayee

Aye check my pockets what I made today  
Used to be scheming on a lick just to cop the brand new Js (yup)  
And I can't lie you know I paved the way  
Let plenty n\*\*\*\*s up in the door that was riding my wave (yup)

Trap phone ringing choker chain blinging  
two hoes double teaming (yup)  
I got em fighting over semen  
Telling me they love me but I don't know the meaning

Ayee

I break that shit out when it's time to play  
Got sk's and dirty k's I catch fades the barber way  
My last kill I played the role of snake how I snaked a snake  
Last drill tried to put a ape on a shirt like its bathing ape

You on some tough shit, i'm on some shit that get you bust quick  
Watch yo mouth cause I bet this glock 27 hush it  
Why he run boy you know that back shot ugly  
Green tip, blue tip, slime got a cousin

Can't believe that I'm really rich but never sent a hit  
Billion streams up I did a drill with my n\*\*\*\*a bitch  
Head coach of the game and i'm still in the field with it  
Buss a n\*\*\*\*a brain and told his brotha come and deal wit me

Aye check my pockets what I made today  
Used to be scheming on a lick just to cop the brand new Js (yup)  
And i can't lie you know I paved the way  
Left plenty niggas up in the door that was right in my way (yup)
