

No Doubt, Mighty Mouse

played live in 1989

Mr. Trouble never hangs around
When he hears this mighty sound...
"Here I come to save the day!"
That means that Mighty Mouse is on the way.
Yessir when there is a wrong to right
Mighty Mouse will join the fight
On the sea or on the land
He gets the situation well in hand
So though we are in danger
We never despair
Cause we know that where there's danger
He is there!
He is there!
On the land!
On the sea!
In the air!
We're not worryin' at all
We're just listenin' for his call
"Here I come to save the day!"
That means that Mighty Mouse is on the way!
