

# Norah Jones, The Long Way Home

Well I stumbled in the darkness  
I'm lost and alone  
Though I said I'd go before us  
And show the way back home  
IS there a light up ahead  
I can't hold onto very long  
Forgive me pretty baby but I always take the long way home

Money's just something you throw  
Off the back of a train  
Got a handful of lightening  
A hat full of rain  
And I know that I said  
I'd never do it again  
And I love you pretty baby but I always take the long way home

I put food on the table  
And roof overhead  
But I'd trade it all tomorrow  
For The highway instead  
Watch your back if I should tell you  
Loves the only thing I've ever known  
One thing for sure pretty baby I always take the long way home

You know I love you baby  
More than the whole wide world  
I'm your woman  
You know you are my pearl  
Let's go out past the party lights  
We can finally be alone  
Come with me and we can take the long way home  
Come with me, together we can take the long way home  
Come with me, together we can take the long way home
