

# Nothing But Thieves, Particles

it's been like a year since i've been home  
flirting with an addiction I can't shake off  
my mouth is dry, I self-medicate  
this comedown won't cure itself  
it's driving you away /2x  
piece by piece  
day by day

baby, tell me if I'm being strange  
and if I need to rearrange  
my particles  
I will for you  
my particles  
I will for you

and I'm a shadow of a ghost  
it's feeling as if somebody has taken host  
babe, I don't wanna make a scene  
But I get self-destructive  
it's driving you away /2x  
piece by piece  
day by day

baby, tell me if I'm being strange  
and if I need to rearrange  
my particles  
I will for you  
my particles  
I will for you

doctor, please  
this don't feel right  
can you give me something?  
to get me through the night  
if it all falls apart  
and if this thing goes wrong  
put me back together  
however you want  
my mind plays tricks

and I don't sleep no more  
doctor please  
I can't switch off

baby, tell me if I'm being strange  
and if I need to rearrange  
my particles  
I will for you  
my particles  
I will for you
