

Nyoy Volante, What Do I Do

WHAT DO I DO

Nyoy Volante

Acoustics: Nyoy With Mannos (2003)

INTRO

What would you do if I told you that
All that I do's think of what we had
What would you do if I'm not the friend I used to be
Well, at least, not to me

REFRAIN 1

'Cause I can't get over all the times you stay
Get crazy, jealous every time you're away
Now I'm someone different from the one you knew
Had nothing to feel for you, to feel for you

CHORUS

What do I do
I keep calling out your name
What do I do
I got no one else to blame
What do I do
Every time I hold your hand, it's not the same
What do I do
I think I fell in love with you

What can I do, what can I say
Everything keeps changing every night, every day
Every word so different, every touch so real
Every glance and every look reveals the way I feel

REFRAIN 2

No, it's never ever gonna be the same
When we hug for warmth from the cold of the rain
Yet I'm not gonna move on, not gonna change
Though I find it hard to say, baby

(Repeat CHORUS)

BRIDGE

I don't know what to do
I'm fallin' more for you
Baby, please tell me...

(Repeat CHORUS)

CODA

Ooh oh
What do I do
