

# Oblivion, Pain In Pain Out

ps23

waking up screaming by nightmares that haunts me  
darkness surrounds me and fills up my soul  
people say i'm dumb  
but i just feel numb  
'cause the madness that fills me  
just can't let me be

searching the power to resist  
cutting wounds in my wrist  
pain in my flesh sets me free  
from the pain that isn't me  
pain in  
pain out

cutting myself  
in rage of my mind  
misery and blame  
is exceeding the pain  
yes I feel the pain  
but its a pain that I can recognize

feeling life

abhorrent strife

a single drop of blood  
is pouring from a vein  
a wish that it will take  
away from me this pain  
cause no one understands  
this pain in my soul

Gods grace is all you need
