while you aim to maintain the status quo
embody the persona
of the average Joe
me and the Herbal T
and Lack Of 'fro
are less rational
we international
to reiterate in case
you're a little late
i incinerate fakes
on my dinner plate
we hungry
but ya'll gon' starve the hardest
Herbal T ride the mic and get stupid

learn to be original
Herbs an individual
nerds are typical
hypocritical, pitiful
minimal impact makers
get to beck breaking
hard work it takes
to get to the place
when you can to whatever
you want and still kill it
pass your prescription
bottle and we'll fill it
up with the true party
music from the soul
Wax & Herbal T
