

# Ola, Time To Let You Go

Im out of love  
My heart is closed  
It stays alive  
By chasing ghost  
All of the time  
I held you close to me  
What if Id know  
How short it would be  
All the love that you left behind  
Keeps on livin inside my mind  
Baby, I guess its time to let you go  
Though deep inside this feeling grows  
That so much was left unsaid  
Left undone now instead  
[The] time has come to let you go  
Another year  
Another start  
In not alone  
Still lonely at heart  
As time goes by  
Im sure Ill find a way  
To keep the tears  
A heartbeat away  
All the questions you left behind  
Keeps repeating inside my mind  
Baby, I guess its time to let you go...  
Im not afraid to let you go  
But the thought that I might forget  
Oh Baby  
The things made me love you so  
Your smile,  
your tears thats what I fear  
Oh...  
I know its time to let you go... [x2]  
Theres so much thats left unsaid  
Left undone and now instead  
The time has come to let you go
