

Ola, Totally addicted

I was born an abuser
And still I crave for more
So I went to the doctor
To find myself a cure
Oh baby
If I get one I want two, yeah, yeah
Whatever's offered will never do
Refren:
Cause I am clinically
Chronically, totally
Addicted to you
I am clinically
Chronically, totally
Addicted to you
Like a drunk for the booze
I'm drunk for you
Oh yes I am
And like dog for the food
I'm a dog for you
Desire's blinding my view
The doctor said there ain't much he could do
Refren:
Cause I am clinically
Chronically, totally
Addicted to you
I am clinically
Chronically, totally
Addicted to you
Oh I'm totally
If I'm a car you're the gas that I need
If you're the gold I'm never-ending greed
Like champagne you make my blood rush
This is not no innocent crush
Like a ship on the ocean
I set my sails for you, oh yes I do
And like a bond for the broker
I'm going broke with you
If I get one I want two
This love is breaking and I'm falling through
Cause I am clinically
Chronically, totally
addicted to you, oh baby
I am hopelessly
Eternally, so tenderly
Addicted to you
I am totally addicted to you
To you
