

Omar Naber, On My Own

The road is dark
I'm getting sad
The way is dead
And I'm afraid
Need someone to hug me
Need something to hold on
Want someone to guide me
Before I'm moving on

The end is now so far away
I hope I'm not meant here for ever to stay

There's no one beside, I got nothin' to say
Land is so wide and my home so far away
I'm feeling so lost, feeling sad like a child
I'm away...

There's no one beside, I got nothin' to say
Land is so wide and my home far away
I'm feeling so lost, feeling sad like a child I'm away
On my own...

I can't believe it's real
I run but I hold still
Your voice is in the air
I can hear my name
I feel you in my arms
You slowly slip away
So here I am again on my own

There's no one beside, I got nothin' to say
land is so wide and my home so far away
I'm feeling so lost feeling sad like a child I'm away
On my own...
