

# One Minute Silence, Fistful Of Nothing

I had a fistful of nothing, then the penny dropped  
One for my troubles, from the very top  
Wise men in bubbles, my to make it pop  
What I wouldn't give  
What I wouldn't give

The hot getting hotter, isn't easy is it  
Sons killing brothers, seems a little twisted  
Air by the bottle, now you get the picture  
Doesn't matter does it  
(Come On)

For the day is long and I just want to live  
But the rope that's holding me's about to give  
(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
(Come on, come on, come on, come on)  
This is my purpose now to  
This is my purpose now to

Shine

I have a headful of knowledge, never went to school  
A life time of promise, in the pity pool  
A lie if I'm honest, if I'm honest this is  
How philosophical, how philosophical of...  
Been there I've done it, up against it all  
The wars at the bottom, time to heed its call  
Though most can't be bothered  
So instead they crawl, doesn't matter does it  
(Come on)

For the day is long and I just want to live  
But the rope that's holding me's about to give  
(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
(Come on, come on, come on, come on)  
This is my purpose now to  
This is my purpose now to

Take me out and show me where it ends  
I have seen it all before my friends  
Take me out and tell me where it ends  
I have heard it all before my friends

Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head

For the day is long and I just want to live  
But the rope that's holding me's about to give

(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
(Come on, come on, come on, come on)
