

Overkill, Space Truckin'

Originally performed by Deep Purple

Well we had a lot of luck on Venus
We always have a ball on Mars
With meeting all the groovy people
We've rocked the Milky Way so far
We danced around with Borealis
We're space trucking round the stars
Come on, come on, come on,
Let's go Space trucking
Come on, come on, come on, Space trucking!

Remember when we did the moonshot
And Ronny Trekker led the way
We'd move to the Canaveral Moonstomp
And every naut would dance and way
We got music in our solar system
We're space trucking round the stars
Come on, come on, come on,
Let's go Space trucking
Come on, come on, come on, Space trucking!

The fireball that we rode way moving
But now we've got a new machine
Yeah! Yeah! Yeah! the frenks say
Man those cats can really swing
The got music in their solar system
The y've rocked around the Milky Way
They dance around with Borealis
They're space trucking every day!
Come on, come on, come on,
Let's go Space trucking
Come on, come on, come on, Space trucking!
