

# Overkill, Unholy

Gimme, gimme, gimme some candy baby  
I got the crave I got to fill  
Lemme, lemme, lemme some money, maybe  
I'm gonna buy everything you sell  
Take it on down, take what you want, yeah  
Pay me later, gotta place to be  
Move it on in, take it on over  
What's that face, you know me

Here but now it's gone  
Here to carry on  
Nothing more to say  
Your mind has gone away

[Chorus]  
Unholy fill the moment out  
Of your mind  
The damn has spilled the secret out  
Deaf dumb and blind

Wanna-wanna give ya what you're looking for  
Make it all better like I did before, right  
When you find, when you find you gotta choice  
And the screams you hear are your own voice  
Turn it on up, turn it into stone  
Love me later, gotta, gotta go  
Move it on in, take it on home

Wipe that face, you don't know

Here but now it's gone  
Here to carry on  
Nothing more to say  
Your mind has gone away

[Chorus]  
Live your life  
Live it through me  
Leave your mind  
Where it should be  
Is the truth  
So hard to find  
Is the truth  
Out of your mind

Here but now it's gone  
Here to carry on  
Nothing more to say  
Your mind has gone away

[Chorus]
