Ozzy Osbourne, Bomber Can't Be Bombays

Listen my son

One thing I've learned

And I know it

Bombers can open bomb bays

Love all you can

This precious thing

Called your own life

Remember bombers can open bomb bays

Might you meet somebody

That has your mothers eyes and smile

Might you meet them

Don't blow them away

Don't hurt them

Just hold me

Make someone happy

The things you do

It's up to you

Try being happy

And I say I can believe it

And I do

I do believe there's hope for you

(Bridge)

You, there's hope for you (2x)

(Solo)

Listen my son

I'm in a war and I know it

Remember bombers can open bomb bays

Complimentary worship

May close your many open doors

Might you be cool

Don't get blown away

Don't Hurt you

Just hold you

And make you happy

The things you do

It's up to you

Try being happy

And I say I can believe it

And I do

I do believe there's hope for you
