

# Ozzy Osbourne, My Jekyll Doesn't Hide

(O.Osbourne - G.Butler - Z.Wylde)

Condemned to violence, arrested by pain  
Inside the soul lies a man insane  
Conceived in anger, addicted to hate  
The mutant child of a twisted state

Beware the contradiction  
Beneath the crimson void  
'cos in the world of fiction  
My Jekyll doesn't hide

A killer's smile with a psycho star dream  
Behind the mask things aren't what they seem  
Unholy soldier, disciple of sin  
What kind of mind are you living in

You're preaching revolution  
Don't you mean genocide?  
Behind this resolution  
My Jekyll doesn't hide

Waiting to die for the very first time  
All right, that's right  
Waiting to die for the very first time  
All right, that's right  
Waiting to die for the very first time  
I don't give a damn,  
'cos I think it's my time, my time

The symbiosis of murder and lies  
What do I see looking through your disguise?  
Fourth reich dementia, subversion ideals  
God only knows what your secret conceals

Who will be the first offender?  
Who will be victimized?  
In your perverse agenda  
My Jekyll doesn't hide
