## Ozzy Osbourne, My Jekyll Doesn't Hide

(O.Osbourne - G.Butler - Z.Wylde)

Condemned to violence, arrested by pain Inside the soul lies a man insane Conceived in anger, addicted to hate The mutant child of a twisted state

Beware the contradiction Beneath the crimson void 'cos in the world of fiction My Jekyll doesn't hide

A killer's smile with a psycho star dream Behind the mask things aren't what they seem Unholy soldier, disciple of sin What kind of mind are you living in

You're preaching revolution Don't you mean genocide? Behind this resolution My Jekyll doesn't hide

Waiting to die for the very first time All right, that's right
Waiting to die for the very first time All right, that's right
Waiting to die for the very first time I don't give a damn,
'cos I think it's my time, my time

The symbiosis of murder and lies What do I see looking through your disguise? Fourth reich dementia, subversion ideals God only knows what your secret conceals

Who will be the first offender? Who will be victimized? In your perverse agenda My Jekyll doesn't hide
