

# Ozzy Osbourne, You're No Different

(Osbourne)

How many times can you put me down  
'Till in your heart you realize  
If you chose to criticise you choose your enemies

Everything that I say and do  
In your eyes is always wrong  
Tell me where do I belong in a sick society

Your're no different to me, yeah  
Your're no different, no different to me

Look at yourself instead o' looking at me  
With accusation in your eyes  
Do you want me crucified for my profanity

Concealing your crimes behind a grandeur of lies  
Tell me where do I begin  
If you think you're without sin be the first to cast the stone

Your're no different to me, yeah  
Your're no different, no different to me  
Your're no different to me, yeah  
Your're no different, no different to me

Can't you see, can't you see  
Your're no different to me  
Won't you see, won't you see  
You're no different to me

Living my life in a way that I choose  
You say I should apologize  
Is that envy in your eyes reflecting jealousy

Tell me the truth and I'll admit to my guilt  
If you'll try and understand  
Is that blood that's on your hand from your democracy

Your're no different to me, yeah  
Your're no different, no different to me  
Your're no different to me, yeah  
Your're no different, no different to me
