

# P.O.D., Shine With Me

""Verse 1""

So why don't you come with me  
And take a trip to the other side?  
Where you and I, we can sing, we can fly  
We can dance as the stars go by  
And the Heavens will open up  
With a vision inside 'Jah love  
The earth, and the moon, and the sun will align  
With a voice from the sky above  
One love

""Chorus 1""

So come on and shine with me  
Like the beautiful star you are  
So come on and shine with me  
Shine with me

""Verse 2""

Float through the sky,  
And look through my eyes  
And then you will see what happens  
Nowhere to hide, look deep down inside  
In life you must take your chances  
Come with me and you will see  
My love is like la la la la...  
So come with me and you will see  
One love

""Chorus 2""

So come on and shine with me  
Like the beautiful star you are  
And leave it behind with me  
Cause forever is not that far  
So come one and shine with me  
Like the beautiful star you are  
And leave it behind with me  
And shine with me

Shine on, shine on, shine on! One love!

Chorus

Shine with me  
Shine with me
