

# P.O.D., When Angels & Serpents Dance

Rhythmically moving  
Emotions are rising  
Quivering to music  
Trembling vibes in song  
No one steadily sliding  
Devious gliding  
So beautifully sailing and floating on

Life's real, when angels & serpents dance  
Life's real, when angels & serpents dance

Twistedly slipping  
Radiant soaring  
Winding, maliciously, creeping  
Flowing  
Righteous moving trusts  
Deceitful  
The creature is crawling  
The guardian's flying  
The dance is breathing  
Who's leading?

Life's real, when angels & serpents dance  
Life's real, when angels & serpents dance

Life's real, when angels & serpents dance  
Life's real, when angels & serpents dance

Who's leading, leading you?  
Everything you say, everything that you know!  
Believing, what is true?  
One must lead in the dance, who's leading you?
