

# Pennywise, You Can Demand

Hey listen people, I'd like to say  
A million minds have a choice but  
they choose to walk this way  
So when it's time to  
make your decisions true  
remember who it is you're fighting for it's you  
No one can tell you how you should feel inside  
What's right from wrong is a choice  
you make up in your own mind  
think you should, well you got time  
No matter what the case may be  
You can demand.  
You can demand what you want and take it you can  
command all the rules and take them you can demand  
And when the times  
your wasted to do more  
just keep your head out of the clouds  
and keep your feet on the floor  
And when you think that at times  
it's tough to do  
Remember who it is you're  
looking out for you  
Don't let them trick you with fancy words  
As long as you're able to see through the lines  
you'll be just fine  
Think you should hurry well you got time  
No matter what the cause may be you can demand  
You can demand what you need and I'll tell you  
if you can't understand this way of life  
your way of living how you don't like won't  
suffice, look at all the things you have  
then decide it's your life and realize  
you can demand.
