Pet Shop Boys, I Get Excited

I don't know whether I'll love you much longer I don't know whether Whether I can

But feeling like this on a hot summer's night I'm cold and I'm tired and I've tried to

But I can't say goodnight

And I don't know whether

I need you so badly

I don't know if ever

If ever I did

But feeling like this on a hot summer's night

The wind in our eyes, and I'm crying

'Cause I can't say goodnight

I can't say goodnight

I can't say goodnight

And I can't help thinking

What we tried to prove

Though we may be sinking

At least we saw it all through

And I don't know whether

I'll love you much longer

I don't know whether

Whether I can

But feeling like this on a hot summer's night

I need you beside me, believe me

'Cause I can't say goodnight

I can't say goodnight

I can't say goodnight

Can't say goodnight

I can't say

Goodnight
