Pet Shop Boys, I Want A Dog

I want a dog, A chihuahua When I get back to my small flat I want to hear somebody bark Oh, you can get lonely

Don't want a cat, Scratching its claws all over my Habitat Giving no love and getting fat Oh, (oh oh) you can get lonely And a cat's no help with that

(Bulldog, hound, pug, labrador, Collie, retriever, Dobermann-pinscher, Husky, dalmatian, St. Bernard and dachshund, Mongrel, beagle, cocker spaniel)

I want a dog, To walk in the park When it gets dark, my dog will bark At any passers-by Oh, (oh oh) you can get lonely I want a dog

I want a dog, A chihuahua When I get back to my small flat I want to hear somebody bark Oh, (oh oh) you can get lonely
