

# Pet Shop Boys, So Hard (Extended Dance Mix)

I double-cross you  
And you get mysterious mail  
I've tried hard not to shock you  
It's hard not to  
With the things I could say

Tell me why  
Don't we try  
Not to break our hearts and make it so hard for ourselves  
Why  
Don't we try  
Not to break our hearts and make it so hard for ourselves

You lock your letters in a box  
And you've hidden the key  
I go one better  
I'm indebted  
To a contact magazine

Tell me why  
Don't we try  
Not to break our hearts and make it so hard for ourselves  
Why  
Don't we try  
Not to break our hearts and make it so hard for us

Everybody's got to live together  
Just to find a little peace of mind there  
If you give up your affairs forever  
I will give up mine  
But it's hard  
So hard  
I'm always hoping  
You'll be faithful  
But you're not, I suppose  
We've both give up smoking  
'Cause it's fatal  
So whose matches are those

Tell me why  
Don't we try  
Not to break our hearts and make it so hard for ourselves

We make it so hard (it's so hard)

Tell me why  
Don't we try  
Not to break our hearts and make it so hard  
Tell me why  
Don't we try  
Not to break our hearts and make it so hard for ourselves  
Not to break our hearts and make it so hard for ourselves  
We make it so hard for ourselves  
We make it so hard  
So hard  
We make it so hard
