

Pet Shop Boys, Try It (I'm In Love With A Married

I think of you each day
I think of you at night
Do you think about me, darling,
when you make love to your wife?
The world won't understand
my affair with a married man

(Try it, try it, try my love)
Try my love
(Why won't you try it, try it)
I'm in love with a married man

Do you think of us on weekends
when you're with your family
Are you lonely when you're with her
and do you ever long for me?
As I get down on my knees
As I cry myself to sleep

(Try it, try it, try my love)
Try my love
(Why won't you try it, try it)
I'm in love with a married man

Oh lord, the risk is me
I've done for you what I can
I'm in love with a married man

(Try it, try it, try my love)
Try my love
(Why won't you try it, try it)
I'm in love with a married man
