

# Peter Andre, Do, Do, Do Do, Do, This Is Insania

Do do do do do  
Do do do do do  
Do do do do doo  
This is insania  
Do do do do do  
Do do do do do  
Do do do do doo  
Too much insania

Take a look around  
What technology is found  
Is it what we need or are we killin the seed?  
Dictated by the scream  
No more followin your dreams  
The world's become a difficult place to be

Where are we goin?  
(Does anyone care?)  
Hold onto real love  
(There's so much to share)

Do do do do do  
Do do do do doo  
Do do do do doo  
This is insania  
Do do do do do  
Do do do do do  
Do do do do doo  
Too much insania

Agein will reverse  
Clonin will diverse  
Insanity is slowly creepin into our lives  
Where is yesterday?  
Cause people ain't the same  
Have we lost our faith or have we lost our minds?

Where are we goin?  
(Does anyone care?)  
Hold onto real love  
(There's so much to share)

Do do do do do  
Do do do do do  
Do do do do doo  
This is insania  
Do do do do do  
Do do do do do  
Do do do do doo  
Too much insania

Pray for the time when love will restore  
Let's kill all the pain  
Let our hearts be the core  
No more war

Where are we goin?  
(Does anyone care?)  
Hold onto real love  
(There's so much to share)

Do do do do do  
Do do do do do  
Do do do do doo

This is insania  
Do do do do do  
Do do do do do  
Do do do do do  
Too much insania

Do do do do do  
Do do do do do  
Do do do do doo  
This is insania  
Do do do do do  
Do do do do do  
Do do do do do  
Too much insania

This is insania...
