

Peter Gabriel, I'm Amazing

Run into the cage
But what I grew up hating
Keep on recreating
Please, help me
Something's got to change
There was something that you said
Happy times ahead /2x

Saw the kind of blood
Like a picture's going to shatter
Can you recognize the pictures of a bone-luck setter?
Of a people, all the faces in my head that are running around
I'm trying to make connections but the circuits are down
Look at me /2x
Look what I can do
I'm amazing!

I'm living from without and living from within
Got lightning every layer of my illuminated skin
Could swallowing a lightbulb
Transform into the Sun
I can jump into the darkness
I can shine on anyone

Look at me /2x
Can you see what I can do
'Cause I'm amazing!
Look at me! /3x
Can you see what I can do?
'Cause I'm amazing

Reaching out my hand
I'm going underwater
Sunlight filtered into shafts
I'm going underwater
With the human race
I'm going underwater, down
Underwater, down, underwater
Trying to put it together in my head
Feeling the weight of what you said
The weight of what you said
Happy times ahead /3x

Look at me /2x
Look what I can do
'Cause I'm amazing
Look at me! /3x
Look what I can do
'Cause I'm amazing
Cause I can!
And I will!
It's moving in me
The spirit is free
