[Baby]

Ay ay

See I came around early

It was me and Ms Birdy

It ain't nothing to a pimp

It ain't nothing to a baller

Worldwide hustling known shot caller

[TQ]

Yeah yeah

When I came through dippin'

In the Bird Benz

With the Birdman and some Bird friends

I got big wheels

And every time I'm in the club it's a big deal

[Baby]

Mama on everything (oh yeah)

God bless the day and the 20 inches

Came around the corner with the slab on rags (alright)

Think about my dad and the shit we had

[TQ]

Ooh Lord, I remember yesterday

Trippin' hittin switches in a white on white tray

Caught a Bird with the Bird the very next day

Down to Carolina where is Petey

[Petey Pablo]

I tried to tell ya'll

It about to happen

Ayo Baby

How we're gonna have the Birdman and the Helicopter

Man on the same track

Yo Mannie, you cut the fool on this track

TQ, I see you boy

You out from West Coast to New Orleans and North

Carolina

Give a fuck what them New Orlean do

You know how I do

Mashin on 22's

I got a caddy to it

And a jag and a Benz and a corvette

Just like baseball ?bit?

I'm on deck ballin cat
All ya'll should call me that
Took mine, dip mine
Tripped the stack
Who's fucking with that
Carolina, Cash Money
Man, Mannie what you do to this track
TQ, Bird, Petey on the same jam
I'll be GOD DAMNed! It's on now!
And I dont expect you to understand
And this is for grown man
You standing on some dangerous land
And this time I got a master plan
I got a man with papers to handle the pistols
So I don't have to tj-tj-tj-tj
I done had it up to here with this shit
Take this track to the label
Here's your single bitch!
[Petey Pablo] (Baby)

(Prrrrr) Birdman, Helicopter Man, oh
Boy is crazy, boy
North Carolina to New Orleans, baby
[Petey Pablo]
We got some questions of my home town
While I was gone working on this album
Racking my brain going through all types of problems
Cause the world would never get passed the first
single I dropped
The whole album was hot
Bottom to the top
And this time I'm giving ya'll a whole enchilada
Rappin hard I went back to the drawing board
Got me a sharper sword
Jumped on the right horse
Good Lord!
It ain't a game anymore
It's a rain forrest of wack shit and I don't want no
part to it
I done built me a fort I'm prepared for it
If the boat do sink, dawg, I won't on it
I was on the damn flight to New Orleans
And do a song with Souljah from Magnolia
Holla if you hear me
And I ain't dis, trip, flip script on none of my
homies
It's Carolina till I die, whody!
[Petey Pablo] (Baby)
