

Pharrell Williams, Freq (feat. Jojo, Leah Labelle)

You gotta go inward
To experience the outer space
That was built for you
You gotta go inward (x4)

Just picture the love
It's pickin' you up
Your temple should buzz
From the vibration of love

You see I'd rather be a freq than not bein' me
Individuality makes life better
See I'd rather be a freq than not bein' me
The individuality makes life better

You gotta go inward
To experience the outer space
That was built for you
You gotta go inward (x4)

Just picture the love
It's pickin' you up
Your temple should buzz
From the vibration of love
