## Phoenix, Rally

Hook up with me, meet at the rally Follow the shouting, I am longing for you Hook up with me, meet at the rally I waited so long, I coul

(don't you give me those) Shifty eyes pay attention Dirty talk talk talk quiet Just as long as you're gone It won't happen at all

Remember the time we talked about everlastings? Don't you know we'll both fall to pieces too? April 22nd at the Avalon, you teased me Hook up with me, meet at the rally

Shifty eyes pay attention Dirty talk talk talk quiet Just as long as you're gone It won't happen at all

Don't go away we're so near Look around, you see There is nothing to say but the things I know I got nothing to say but the things I know

Standing in line, I think you're pretty Lying on your bed, I think you're pretty too Young girl curl your hair at night Hook up with me, meet

(don't you give me those) Shifty eyes pay attention Dirty talk talk talk quiet Just as long as you're gone It won't happen at all

Shifty eyes pay attention Dirty talk talk louder Just as long as you're gone I won't leave you alone
