

Pia Mia, Touch

I'm lying in this hotel
Cuddling up to the body pillow
I'm trying not to call you
Cause I don't want to miss you no more
Every now and then I get a little lonely
I can hold myself
But no it's not the same thing
Need to feel the pressure somewhere on my body
On my body

'Cause sometimes
All I wanna is be touched
All I wanna is be loved
All I wanna is be touched

So touch me! /3x

I can't get to sleep
Damn damn I'm trying now
I put on the TV right here
Maybe it'll calm me down
Every now and then I get a little lonely
I can hold myself
But no it's not the same thing
Need to feel the pressure somewhere on my body
On my body

Cause sometimes
All I wanna is be touched
All I wanna is be loved
All I wanna is be touched

So touch me! /3x

All I want
All I want
All I want to do is be touched by you
If you want
If you want
If you want to do tell me the truth
All I want
All I want
All I want to do is be touched by you
If you want to it, (touch me baby)
Just touch me!

Cause sometimes
All I wanna is be touched
All I wanna is be loved
All I wanna is be touched
So touch me!
/2x
