

# Pink, Walk Me Home

there's something in the way you roll your eyes  
takes me back to a better time  
when I saw everything is good  
but now you're the only thing that's good

tryin' to stand up on my own 2 feet  
this conversation ain't comin' easily  
and darling  
I know it's getting late  
so what do you say  
we leave this place

Walk Me Home  
in the dead of night  
I can't be alone with  
all this on my mind  
say you'll stay with me tonight  
because there's so much wrong  
going on now outside

there's something in the way I wanna cry  
that makes me think we'll made it out alive  
so come on and show me how we're good  
I think that we could do some good

Walk Me Home  
in the dead of night  
I can't be alone with  
all this on my mind  
say you'll stay with me tonight  
because there's so much wrong  
going on now outside

Walk Me Home  
in the dead of night  
I can't be alone with  
all this on my mind  
say you'll stay with me tonight  
because there's so much wrong  
going on now outside

Walk Me Home  
in the dead of night  
I can't be alone with  
all this on my mind  
say you'll stay with me tonight  
because there's so much wrong  
there's so much wrong  
there's so much wrong  
going on now outside
