

# Pitbull, Can't Have (ft. Steven A. Clark, Ape Drum

Well you're happy now  
And I'm so glad, cause you're so right  
Well then I guess we always  
Want what we can't have  
Why does loneliness hurt so bad  
And girl I want you back  
Well then I guess we always  
Want what we can't have

I seen Central Park from my hotel room  
And it's got me thinking  
About the crazy things we use to do  
For the fame, for the power, for the fortune  
Ducked prison, ducked death, I'm fortunate  
It was all a dream, now, I wake up and live it  
Thinking that the sky was the limit  
Till I figured out there was footprints on the moon  
Now I'm like get out the way, bitch, move

Papo I'm live, fuck the other side  
I'm always gonna rep 305 till I die  
Everyone knows that this chico gon' ride  
Now I won't kill you but I'll watch you die  
I'm always gonna rep 305 till I die  
Everyone knows that this chico gon' ride  
Now I won't kill you but I'll watch you die  
Everyone wants what they can't have, right?

Well you're happy now  
And I'm so glad, cause you're so right  
Well then I guess we always  
Want what we can't have  
Why does loneliness hurt so bad?  
And girl I want you back  
But I guess we always  
Want what we can't have

Looking at my backyard, now all I see the ocean  
Not bad for a kid that grew up with roaches  
Drama, chaos, and different coaches  
That's what allows me to see through these vultures  
First we shining shoes  
Then we own the shoe shop  
First we make the sandwich  
Then we own the restaurants  
First then we the clean houses  
Then we own every house on the block  
Not bad for some immigrants

Papo I'm live, fuck the other side  
I'm always gonna rep 305 till I die  
Everyone knows that this chico gon' ride  
Now I won't kill you but I'll watch you die  
I'm always gonna rep 305 till I die  
Everyone knows that this chico gon' ride  
Now I won't kill you but I'll watch you die  
Everyone wants what they can't have, right?

Well you're happy now  
And I'm so glad, cause you're so right  
Well then I guess we always  
Want what we can't have  
Why does loneliness hurt so bad?  
And girl I want you back

But I guess we always  
Want what we can't have

Well I guess we always want  
What we can't have
