

Pitbull, Can't Stop Us Now (feat. Zac Brown)

Zac Brown
Mr. Worldwide

This is how you change the world, let's ride

Get lost with me tonight
Cruise slow motion, chase the sun as we burn one down
Get lost with me tonight
We going
High as a mother (Woo)
Nothing's gonna stop us now

Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now

I'm here to remind y'all, just in case you forgot
Mr. Worldwide, the world's my block
I'm like time, I never stop
I ain't from no bottom, y'all keep the top (305)
See nobody, fear no one
Still the hottest thing under the sun
Still got it locked (Uh huh)
And it's never ever ever, ever ever ever going to stop
You can knock me down, but you won't knock me out
I love it when they count me out
Now let's party to the nights that we can't remember
With the friends that we can't forget
Get lit

Get lost with me tonight
Cruise slow motion, chase the sun as we burn one down
Get lost with me tonight
We going
High as a mother (Woo)
Nothing's gonna stop us now

Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now

Don't call it a comeback, I've been here for years
Hustlin', blood, sweat, tears
I say what they won't, I do what they don't
I am what they ain't, I go hard like Shaq in the paint
I'm a fighter
Survivor, rider
NASCAR team's all lined up
Trackhouse bringing that fire
Zac Brown & Pit Fire
You can knock me down
But you won't knock me out
I love it when they count me out
Now let's party to the nights that we can't remember
With the friends that we can't forget
Get lit

Get lost with me tonight
Cruise slow motion, chase the sun as we burn one down

Get lost with me tonight
We going
High as a mother (woo)
Nothing's gonna stop us now

Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now

I don't need water, I need a drink
So pass me a bottle and let's get lit
I don't need water, I need a drink
So pass me a bottle and let's get lit

High as a mother (Woo)
Nothing's gonna stop us now

Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now
Na, na, na
No, no, no
Ain't nothing gonna stop us now
