

# Pixies, BAGBOY

I had a bad reaction to your public hobby writings  
I get no satisfaction from your very recent sightings

cover your breath  
polish your speech

cover your breath  
cover your teeth  
polish your speech

like when I hear the sound of feet slapping on the runway  
cover your breath  
polish your speech  
like a small bird pretty while it's crapping on the new day  
cover your breath  
polish your speech  
cover your breath  
polish your teeth

so disappointed I was that I had made small talk with you  
polish your teeth  
alter your breath  
I'm not feeling your buzz I only smell your crock of stew  
polish your teeth  
alter your breath  
alter your teeth  
cover your breath  
Bag boy bag boy bag boy bag boy

she had some beauty and manners but you look like a bug  
cover your breath  
alter your speech  
migrations of their type are such good planners and not smug  
cover your breath  
alter your speech  
Bag boy bag boy bag boy bag boy

you are proselytizing alone  
listening to the voice with your ears  
you have regurgitated the tone  
now sat in your tract for many years  
picked up from dead things that you licked  
it's a feedback loop you can't evict  
cover your breath  
cover your teeth  
cover your breath  
polish your speech  
cover your breath  
polish your speech  
cover your breath  
polish your teeth  
polish your teeth  
alter your breath
