

Plain White T's, Fired Up

I'm fired up and I feel a lot better now
Sun comin' up and I feel like goin' out
Fill up my cup and I smile when I look around
If you're feelin' what I'm feelin', sing it with me now
I'm fired up and I feel a lot better now
Sun comin' up and I feel like goin' out
Fill up my cup and I smile when I look around
If you're feelin' what I'm feelin', sing it with me now

I forever wanna feel, wanna feel
Like my head's up flyin' in the clouds (In the clouds)
I forever wanna feel like I feel
And I never ever wanna come down

I'm fired up (Ooh)

Sun comin' up and I feel like goin' out
Fill up my cup and I smile when I look around
If you're feelin' what I'm feelin', sing it with me now

I forever wanna feel, wanna feel
Like I'm hyped up, surfin' on the crowd (On the crowd)
I forever wanna feel like I feel
And I never ever wanna come down

I'm fired up (Ooh)

I feel (I feel) so bright (So bright)
No rain (No rain) in sight (In sight)
I'm good (I'm good), alright (Alright)
If you're feelin' what I'm feelin', sing it
