

# Plain White T's, So Damn Clever

Thought that I was in control  
And in my mind you were mine, what did I know?  
I didn't listen when they said  
That you were fake, manipulating boys to bed

I thought they had you wrong  
The morning you were gone

Everytime I see you face  
I can see the games you play  
Nobody can break hearts better  
Why do you have to be so damn clever?  
Turns you on  
Always getting what you want  
Made me believe that we'd be together  
Why do you have to be so damn clever?

We were over from the start  
Intertwined just in time to fall apart (fall apart)  
I can't believe I missed the signs  
You were cold and they all told me not to try

But I thought they had you wrong  
The morning you were gone  
Just vanished from my life  
Didn't even say goodbye

Everytime I see you face  
I can see the games you play  
Nobody can break hearts better  
Why do you have to be so damn clever?  
Turns you on  
Always getting what you want  
Made me believe that we'd be together  
Why do you have to be so damn clever?

You pulled all the right strings  
Saying all the right things  
Now that you've gotten what you wanted you don't want it anymore

Everytime I see you face  
I can see the games you play  
Nobody can break hearts better  
Why do you have to be so damn clever?  
Turns you on  
Always getting what you want  
Made me believe that we'd be together  
Why do you have to be so damn clever?

Oh  
Why do you have to be so damn clever?  
Oh  
Why do you have to be so damn clever?  
Oh

Made me believe that we would be together  
Why do you have to be so damn clever?
