

Pola Rise, Blackstar

black star have you fallen down from the black sky
during a black night
have you ever wanted to be someone else
what did you tried to hide?
did you fight for your life?

deeper and deeper
I want to hide
louder and louder
warnings signs
deeper and deeper
growing hunch
louder and louder
that you're not alive!

bring your thoughts back
I wanna hold your weak hand
wanna hold you tight
have you ever wanted to be in a different place?
have you ever tried?
did you fight for your life?

deeper and deeper
I want to hide
louder and louder
warnings signs
deeper and deeper
growing hunch
louder and louder
that you're not alive!
