

Polo G, Lil Wayne, GANG GANG

So used to tchem grey clouds
I might fuck around
Drop the top in the rain
For the squad
We don't play around
We'll lay 'em down
Hit his top close range

He just pretend
He not with the gang
Member back then
That's an opp
What he baneged
Runnin' form jakes
Block hot like i am wayne
Spend a quarter mill' on the watch
And the chain

I am just tryna put a lock on the game
Hot shit from this glock when ut flames
Yeah /3x!
