

POP SMOKE, The Woo (ft. 50 Cent, Roddy Ricch)

(see what i want baby
see how i fight with the world)

She want a woo
She wanna fuck with the woo
She wanna fuck with the woo
She wanna fuck with the woo
She wanna fuck with the woo

I told her; ohh woo woo
Shawty wanna fuck me inside of the coupe
I can take you out everywhere
Fuck a jet fare
Versace hotel whit versace robe
Woah woah
Like you whne you let down
Your hair with no comb
And i stay to myslef
Cause i never liked these hoes
And she only liked the guap
Red light these hoes
Why would i waste my time on a shorty
That don;t got me on the front of her mind?

Especially when you get designer
And i wine and sine
And the bentley came with teh wings
Like a number nine
