

Poppy, Anything Like Me

i feel hear beating in me
get her out of me

sorry for what I've become
because I'm becoming s
your hand on me neck
you call up the press
die for the attention
you pray for a reaction
I'll stop when it's no more fun
if this is the start then let's see
how far you're gonna take this one

you shouldn't be anything like me
you'll never be anything like me
