

Poppy, In a Minute

i'll make up my face in a minute
I'll reform this state in a minute
cashed my check, got paid, yeah I did it
I haven't done my nails in a minute
i'll make up my face in a minute
I'll reform this state in a minute
cashed my check, got paid, yeah I did it
I haven't done my nails in a minute

I am busy and important /2x
you wanna bill me for it
my love that's up to you
are you feeling like I'm feeling? /2x
I used to be a free willing
now, I've got work to do

i'll make up my face in a minute
I'll reform this state in a minute
cashed my check, got paid, yeah I did it
I haven't done my nails in a minute
i'll make up my face in a minute
I'll reform this state in a minute
cashed my check, got paid, yeah I did it
I haven't done my nails in a minute

easy to say that you thought it /2x
but I'm the one who said it
give up your second guessing
I can't wrap my head around it /2x
I'll get around to do it
I've got some plans tonight, but

i'll make up my face in a minute
I'll reform this state in a minute
cashed my check, got paid, yeah I did it
I haven't done my nails in a minute
