

# PORNO FOR PYROS, Bali Eyes

Ate a mushroom turned into Bali  
Didn't look it just jumped down my throat  
I was starting to die until I  
Took a trip to Bali  
Their eyes are God  
In a glass full of jelly  
It's Bali in my eyes  
My skin turned the color of the earth  
I felt like a tree  
People asked my name the next day  
They remembered who I was  
I took off my shoes  
And my feet they took root  
I've got Bali in my eyes  
Their eyes are God  
In a glass full of jelly  
It's Bali in my eyes  
When I opened up my eyes first thing  
Early light in Bali  
What a day it's gonna be I think  
It looks good already  
So hold me close before  
All the doors start knocking!  
Is Bali in my eyes
