

# Powerwolf, Sanctified with Dynamite

[Intro]

Satani, Satani, in amus dignita  
Satani, Satani, e vade retro sagitta

[Verse 1]

We came to fight in the army of Christ  
Armed with a fistful of steel  
Send to inferno the demons allied  
Prayer for prayer the deal

[Verse 2]

We are the storm and the wicked inside  
More than a martyr can take  
Fire them back to the dark of the night  
Pray for this time we awake

[Pre-Chorus]

And we all  
Die, die, die tonight  
Sanctified with dynamite  
Die, die, dynamite  
Hallelujah!

[Chorus]

We are damned in the night  
Sanctified with dynamite  
And at midnight we come for your blood  
We are cursed and denied  
Holy lord of dynamite  
And at midnight forever we are  
Die, die, dynamite

[Verse 3]

Born of tornado, we bring you the night  
Pray for we all detonate  
Heroes in heaven and servants in life  
Kill us before it's too late

[Verse 4]

Like a messiah we end crucified  
Into damnation we rode  
Torn into pieces of soldiers divine  
Ehre sei Gott, we explode

[Pre-Chorus]

And we all  
Die, die, die tonight  
Sanctified with dynamite  
Die, die, dynamite  
Hallelujah!

[Chorus]

We are damned in the night  
Sanctified with dynamite  
And at midnight we come for your blood  
We are cursed and denied  
Holy lord of dynamite  
And at midnight forever we are

[Interlude]

[Bridge]

Die, die, dynamite  
Die, die, dynamite

Die, die, dynamite  
Hallelujah!  
Die, die, dynamite  
Die, die, dynamite  
Die, die, dynamite

[Chorus]  
We are damned in the night  
Sanctified with dynamite  
And at midnight we come for your blood  
We are cursed and denied  
Holy lord of dynamite  
And at midnight forever we are  
Die, die, dynamite
