

# PRETTYMUCH, Gone 2 Long

don't you give your heart away so easily  
that would be the end of a beautiful story  
don't you give your heart away so easily  
that would be the end of (PRETTYMUCH) a beautiful story

I know that it's wrong, keeps me up all night  
I'm telling me lies, sayin' I'm alright  
I look in the mirror, don't see no tough guy  
but I'll be fine  
girl, you know that I need you  
baby, I'll keep you around  
give me some reason

baby, I need you right now  
my love, you can keep it  
this ain't no secret  
the only thing I ask  
promise me you won't be gone too long  
my dear  
promise me you won't belong anywhere else but here  
with me

baby  
I need ya /3x  
I do  
I can't find my love anywhere without you  
so don't be gone too long, my dear  
sick of the phone, sick of the facetime  
we try and we try  
but we never make time  
girls, it's getting old  
don't mean to haywire but I will be fine

but I'll be fine  
girl, you know that I need you  
baby, I'll keep you around  
give me some reason
