

Prince, If i was the man in your life

[Chorus:]

If Eye was the man in your life

Eye'd make U happy

Eye'd treat U right

Eye'd buy U flowers every single day

Eye'd Give U power

Eye'd do whatever U say

Eye heard a rumor that Ur man he said he'd do U wrong

and Ur so vain Ud think that Ur the 1 behind this song

Sure U know he got plenty lyrics, yeah, up his sleeve

and after he got what he want he just go up and leave

and sunday chocolate on the roof right after his game

he like the Lakers but the Sixers on when he came

If he's with another now U best believe the party's crackin

Ur getting played girl, U better get your mack on

and do onto others as they do onto U

U call me on the day that U and him r just 2 through

[Chorus]

was it U that Eye saw outside the liquor store

waiting on that fool 2 purchase what Ud been dying 4?

and b4 Eye c U drop a spill Eye have 2 bring U down

now U got that chocolate barracuda hangin' round

hangin' round your neck like a cheap gold chain

he don't deserve 2 say that he ever knew Ur name

much less he get 2 smell the perfume Eye gave U

please don't tell me that U all got down

better do onto others as they do onto U

U call me on the day that U and him r just 2 through

[Chorus]
