

Purple Disco Machine, Honey Boy - x Benjamin Ingrosso

My my oh my my
Won't you come and let me dive
My my oh my my
Won't you come and play me all night night
All night night
We can do whatever u like
My my oh my my
Gimme somethin
Gimme somethin

When I was young I never danced
Would never dare because i thought i wasn't good enough
I never said a single word to any girl
I was afraid that i would mess it up
But then one day I saw her face and the old me would've walked away
But then i took a chance
And she said "Honey boy, you're too young but let me give you a night you won't forget"
won't forget oh

I can feel the magic every time I see her dance
(Bet you like, Bet you like, how it's feelin)
Everyone around us watchin' as she takes my hand
(I don't know but I need it)

My my oh my my
Won't you come and let me dive
My my oh my my
Won't you come and play me all night night
All night night
We can do whatever u like
My my oh my my
Gimme somethin
Gimme somethin

When I woke up i never knew that it was you
That i would see this early summer night
(a summer night)
Cuz all my friends they kept saying "ben just wait you know it aint, it aint your time tonight
(time tonight)
You should've seen the jelalous look on Dannys face when she came and i walked up to her
(you know i like it like that)
And she said "Honey boy all your friends will never know the things that you will learn"
(you will learn)

Everyone around us watchin' as she takes my hand
(I don't know but I need it)

My my oh my my
Won't you come and let me dive
My my oh my my
Won't you come and play me all night night
All night night
We can do whatever u like
My my oh my my
Gimme somethin
Gimme somethin
